What is the first thing you do when you wake up?

Do you have an interest/trait that no one would expect from you?

If you were stuck on an Island for a year, who would you want there with you?

Your house with all your stuff is on fire – which two things would you save?

If you are really lazy and unmotivated, what is your trick to push yourself and start doing something again?

If you would be sure that your book would be sold 100,000 times – what would you write about?

What would you do if you were president?

If you could change something in the way you have been nurtured – what would it be?

If you could wake up with a new skill tomorrow – what would it be?

If you died today evening without having the chance to speak to anyone before – what would you regret not having told someone? Why didn't you tell it him/her already?
